Orthopedic Practice

Welcome to the Orthopedic ONE Physician Referral Guide

Orthopedic ONE is the largest, physician-owned orthopedic practice in Ohio. With nearly 70 physicians covering every area of orthopedic expertise, you can trust us to provide the highest quality of care - no matter how simple or complex the condition or injury may be.

We have a wide range of expertise within our practice, including general and fellowship-trained physicians across every orthopedic sub-specialty - from neck to toe. Every aspect of our care is designed to support the best possible outcome for every patient, in the right setting, at the right time - all while keeping costs low.

More people trust us with their musculoskeletal care than any other practice in central Ohio. We work hard every day to earn that trust.

This Referral Guide offers a comprehensive overview of Orthopedic ONE locations, physicians, and services.

Reasons to Trust orthopedic ONE

- 1** We survey 100% of our patients, and *our satisfaction scores consistently rank in the 99th percentile* when compared to similar size orthopedic practices across the country.
- 2** We are orthopedic surgeons – but surgery isn't all we do. *Less than 14% of patient appointments require surgical intervention (2024)*. Our team starts with a conservative approach to care including physical therapy and exercise, anti-inflammatory drugs, or steroid injections.
- 3** When it comes to reducing the overall cost of care, site of surgery matters. *More than 84 percent of all Orthopedic ONE surgeries are performed in an ambulatory surgery center (2024)*.
- 4** As a local leader in quality orthopedic outcomes, we measure quality and complication data in partnership with our affiliated surgery centers and health systems. *Our quality consistently exceeds regional and national scores.* (2021 CMS Quality Measures Scorecard)
- 5** *95% of patients reported their clinic wait times as 'Good' or 'Very Good' and 98.5% reported the helpfulness of our schedulers as 'Good' or 'Very Good.'* (2024).
- 6** In addition to our roster of nearly 70 of the region's top orthopedic physicians, we offer an experienced and dedicated team of therapists with specialty training in orthopedics, hand therapy, geriatrics, and sport medicine. *95% of patients surveyed said they would recommend Orthopedic ONE Therapy Services (2024)*.
- 7** At Orthopedic ONE, we are home to 52 nationally-reviewed Castle Connolly Top Doctors®. Castle Connolly Top Doctors are peer-nominated, and vetted by a national, physician-led review team.
- 8** *We were recently ranked Number 1 in Ohio, and Number 3 in the Nation for Orthopedics* by Castle Connolly Top Doctors, a peer-reviewed, physician-led review board.
